

## **The Wishmaster Deck**

Subject: Embrace the Extraordinary Power of the Wishmaster Deck and Manifest Your Dreams!

Dear [Friend's Name],

Ready to embark on an extraordinary journey of self-discovery and transformation, by working with the energy of the Jinn, **without** spending days or weeks trying to conjure them directly?

Then let me emphasize the destiny-altering importance of the Wishmaster Deck, a “game changer” tool that continues to amaze my students and I with the manifestations that result from its continued use.

But first, a quick note on how it can help an all-too-common stumbling block faced by most of us who walk the magickal path: **fear of change**.

You see, as unpleasant as circumstances can be in certain life areas, the mind - through the process of self-concept creation and over-identification - turns those circumstances into the “current normal”, and will do anything to keep the status quo alive.

Why? Because this is how the pseudo-self called the “mind” survives! This is how it makes sense of an otherwise chaotic world.

Yet... when, through the evidence of NEW and CONSISTENT results, your brain registers new reference points that tell it that *“results are a sure thing”*, you’ll find that you won’t need to exercise will-power to embrace change and overcome fear anymore.

Your mind will go “Ahuh!” and it will start conspiring with you instead of against you.

And change... including drastic change... happens automatically.

To that end, the Wishmaster Deck is not your ordinary deck of cards. Not only does it harness the energy of 72 revered, incredibly powerful Jinn, without the need to actually conjure them directly, but it has the potential to affect undeniable, drastic change in any life area, FAST!

Magickally speaking, this saves you an enormous amount of time, the time normally needed to undergo the dietary and ritualistic conjuration requirements (for many nights straight).

By working with the energy of these powerful Wish-Masters, you can attract love, success, abundance, and more. As that happens and day to day “miracles” become the new normal, overcoming fear and resistance to change will become automatic.

Here are 10 remarkable ways the Wishmaster Deck can transform your life:

## **Mahdiel Email**

Subject: Connect with this ONE power, and make ALL your workings with the Jinn much easier!

Dear Magical Seeker,

If you're like most students, the idea of contacting an angel might make you roll your eyes and have you go “Nah! I'll just focus on the Jinn”.

But trust me, once you try it, you'll wonder why I didn't mention it sooner!

Enter Mahdiel, a lesser-known Watcher, connecting with whom just might be the single most important step you'll ever take in your Jinn workings.

Here's why:

The holy Mahdiel is an angel from the 9th celestial sphere, stuck right in the middle of the 18 spheres in Islamic cosmology.

Associated with with the energies of Jupiter, Mahdiel's job description involves the Jinn. Know what that spells? This: He gets to wag his finger at the big Jinn kings and give them orders!

Think of a “Boss of Bosses” that all the other underworld wise guys like Al Capone and Godfather-level ghosts not to.

Why is this important? Here's the thing: It's all too typical a predicament facing most conjurers to go through all the complex

grimoire steps, having spent money on candles, canvases, incense, et al... only the have the Jinni you are trying to conjure ending up underwhelmed.

It's happened to all of us!

This is where Mahdiel comes in, benevolently lending those who establish a deep connection with him a hand.

And in my Angel Mahdiel magickal kit, you will learn how to establish the deepest connection with him possible for a human.

And from that point onwards, you will wield a journey-altering "spiritual authority" with the Jinn, and you will enjoy results from your Jinn workings like you've likely NEVER imagined.

## **Resident Jinn of The Solar System**

**Subject:** Create unparalleled success with this SPECIFIC class of Jinn

Dear {Subscriber}...

Have you heard of the “Resident Jinn”?

Before I tell you how they can help unleash the untapped potential of your magical endeavors by connecting with them, a little bit of explanation is in order...

See, there is a class of Jinn known in the Arabian grimoires as *al-Ummar*, literally meaning “the builders”.

From ancient cultures to the present day, these hidden gatekeepers and guardians have shaped the energy of spaces they inhabit, including your very own house. It is for this reason (among other reasons) why certain places hold greater spiritual potency and are more aligned with specific life outcomes than other places.

And it is also for this reason that a potentially life-changing ritual, when done at a specific place - even your own home, temple or secluded area in the wilderness - could be blocked.

Chances are it could be due to the influence of an uncooperative resident jinn!

How does that feel like? Imagine mysterious casting doubt and fatigue descending upon you, even early on in your workings, and at times “unexplainable” feelings of premature satisfaction that create psychological self-sabotage...

This is why The Ancients understood the importance of appeasing these resident jinn, ensuring their support and cooperation.

By understanding and connecting with the resident jinn and befriending them, a world of possibilities unfolds before you. They possess the ability to aid you in your magical operations, acting as messengers between realms and even facilitating communication with powerful Jinn Kings.

Which is why our innovative software provides access to an extensive database of jinn names and their locations, not just on Earth, but throughout our Solar System!

Tap into the localized presence and power of these resident jinn, whether right here on Earth to harness their energies for terrestrial-bound outcomes, or harnessing celestial resident Jinn energies to enhance your planetary magic.

## TWO STEPS:

Step 1: No more relying on generic spirit names from grimoires. Click here to learn more about our ground-breaking software right here: <https://www.whitemagicmastery.com/resident-jinn-of-the-solar-system/>
